Greetings and welcome to the 2010-2011 school year!

In an effort to give you regularly updated information about your student's school, we have created school information sheets. We hope that the information is informative and useful to you and your family. Should you have any questions or feedback, please contact the Evaluation and Assessment office at 644-6959.

Sincerely,

William Huyett
 Superintendent

Principal's Message

At Emerson Elementary School we are proud of our ability to support the academic, social, and emotional growth of all students. Our teachers are highly qualified, our parents are involved, and our student body is talented and engaged. In addition to a vibrant classroom program, all students receive art instruction from a credentialed art teacher along with weekly PE, cooking and gardening classes. We provide substantial attention to our students through small group and one on one instruction with teachers, tutors, and mentors.

Be sure to visit us during our All School Meetings, generally held on the first Friday of the month, during which we showcase student talents, honor accomplishments, celebrate diversity, and build community. We want to forge a strong partnership with each and every one of you and will communicate with you on a regular basis. Look for our Bearfacts news, etree messages, and classroom newsletters. We welcome your involvement and invite you to stay in contact with the classroom teachers, attend events and activities, participate in school committees such as the PTA and School Governance Council, and, most importantly, by reading with your child each and every day. We look forward to a wonderful year together. Welcome to Emerson!

Sincerely,

Susan Hodge

API and AYP

The Academic Performance Index (API) is the state accountability system for California. Each school is given a score from 200 to 1000 based on a formula which includes student performance on standardized tests and the High School Exit Exam. Schools are assigned a growth target based on their previous score.

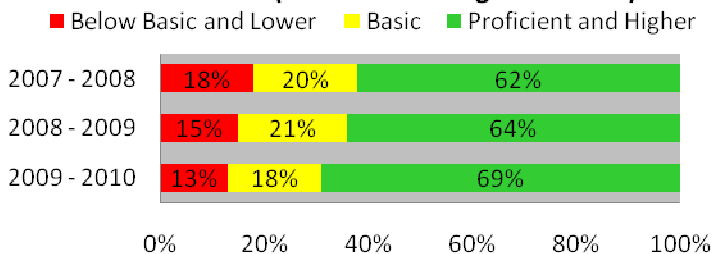

Adequate Yearly Progress (AYP) is a part of the Federal No Child Left Behind Act. It incorporates the API, student participation rates in standardized testing, graduation rates, and annual proficiency targets. The targets require a specific percentage of students to score Advanced or Proficient on state tests. For the 2010-2011 school year, the proficiency target is 56.8% for English and 58% for Math. Failure to meet the target results in designation as a Program Improvement (PI) school.

	08-09	09-10
API Score	842	858
Growth Attained From Prior Year	35	16
Met School wide Growth Target	Yes	Yes
Met Subgroup Growth Targets	Yes	Yes
Met AYP	No	No
Program Improvement	No	Yes

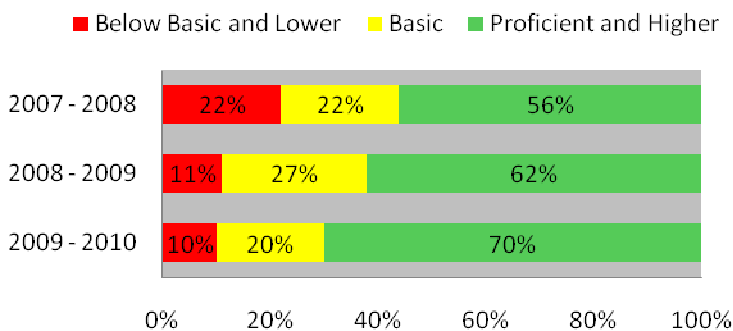

California Standards Tests

The California Standards Tests (CSTs) are the state mandated tests administered to students in grades 2 to 11 in the Spring of each year. All students are tested in the areas of English Language Arts and Math. Select grades are tested in writing, science and history. There are five achievement categories for the CSTs: Advanced, Proficient, Basic, Below Basic, and Far Below Basic.

Math CST (all students in grades 2 - 5)

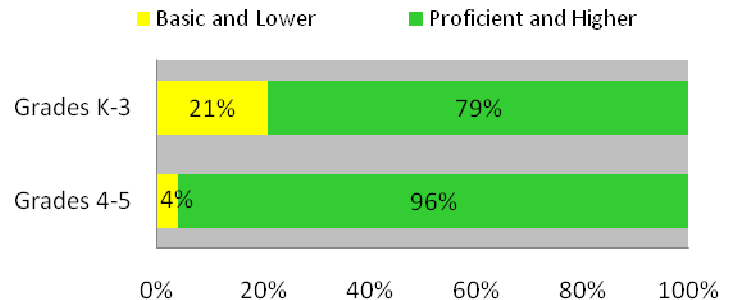

ELA CST (all students in grades 2 - 5)

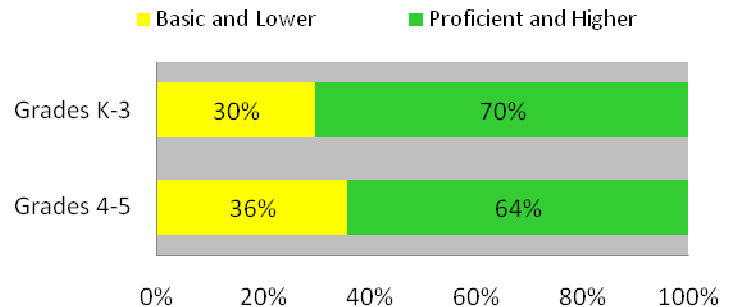

BUSD Assessments

In addition to state mandated tests, Berkeley Unified School District administers locally developed assessments to monitor student growth throughout the school year. These assessments provide ongoing and timely feedback regarding the educational progress of students to teachers, students, parents, and the District.

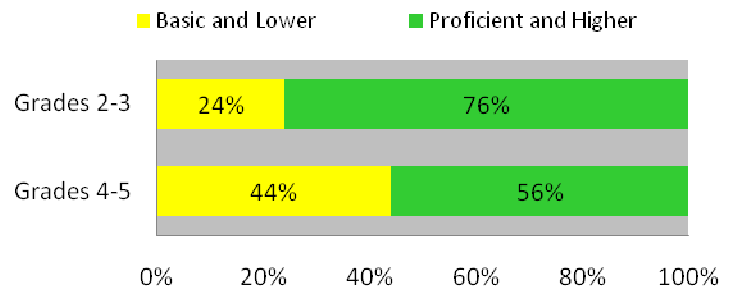

District Reading Tests, DRA & QRI - Spring, 2010

District Writing Test- Spring, 2010

District Math Test- Spring, 2010
